

**STATISTICAL SECTION**  
**(Unaudited)**

**CITY OF SCOTTS VALLEY**  
**NARRATIVE EXPLANATION OF STATISTICAL SECTION CATEGORIES**

**Financial Trends**

The financial trends section provides information to assist the user in understanding and assessing how the City's financial position has changed over time. Tables 1 and 2 present information from the government-wide statements. Tables 3 and 4 present information from the fund financial statements.

**Revenue Capacity Information**

The revenue capacity information section provides information to assist the user in understanding and assessing the factors affecting the City's ability to generate its own-source revenues. Table 5 presents the assessed value of the residential, commercial and other property within the City. Table 6 presents the general property tax rate as well as tax rates from various school districts. Table 7 presents the top ten property tax payers. Table 8 presents the amount of property taxes levied and collected.

**Debt Capacity Information**

The debt capacity information section provides information to assist the user in understanding and assessing the City's debt burden and ability to issue additional debt. Table 9 presents the outstanding balance of all direct and overlapping government debt at fiscal year end. Table 10 presents the City's debt by type as well as total debt as a percentage of personal income and total debt per capita. The personal income is of the County of Santa Cruz because there is no information available for the City of Scotts Valley alone. Table 11 presents the maximum amount of debt the City can legally incur. Table 12 presents the coverage of pledged revenue sources to the total debt they service.

**Demographic and Economic Information**

The demographic and economic information section provides information to assist the user in (1) understanding the socioeconomic environment within which the City operates, and (2) to provide information that facilitates comparisons of financial statement information over time and among governments. Table 13 presents population and unemployment rate for the City of Scotts Valley as well as the population, personal income, and per capita income for the County of Santa Cruz. Table 14 presents the top ten employers in terms of number of employees.

**Operating Information**

The operating information section provides contextual information about the City's operations and resources to assist readers in using financial statement information to understand and assess the City's economic condition. Table 15 provides the number of full-time equivalent City employees. For example, two half-time employees would equal one full-time equivalent employee. Table 16 provides operating statistics for various city departments. Table 17 presents capital assets by city function.

2014	1,483,067,171	564,469,568	2,047,536,739	1.00%

(1) Property tax rates are limited to \$1.00 per \$100.00 assessed valuation based on a June 1978 state constitutional amendment (Proposition 13). The tax rate (1%) is levied by the County and apportioned to local agencies according to a formula prescribed by the State legislature.

The City's share of the 1% property tax rate for its own General Fund is less than 4%. The City established a Redevelopment Agency in 1980. The Agency's Redevelopment Plan was adopted in November 1990. The City's General Fund does not receive any property tax from the tax revenues generated above the base year amount (tax increment revenue). The Agency entered into pass-through agreements with various governmental entities. Approximately 47% of the total tax increment revenue is paid out per these agreements. Another 20% is restricted for low and moderate income housing purposes. California state law eliminated redevelopment agencies effective February 1, 2012. The former tax increment revenue is being collected by the County of Santa Cruz and distributed to the successor redevelopment agencies to the extent of their enforceable obligations. Any revenue collected in excess of the amount of enforceable obligations is distributed to the taxing entities in the same proportion that they receive property taxes.

2014	847,061	847,061	100%

(1) Levies include real and personal property.

(2) Beginning with the 1993-94 fiscal year, the County of Santa Cruz began distributing 100% of the property taxes assessed under a method of property tax distribution called the Teeter Plan. Therefore, the City collects only current levies; all delinquent levies and penalties are collected by the County.

(3) In fiscal years 2005 and 2006 the State shifted \$120,326 in property taxes away from the City to the Education Revenue Augmentation Fund (ERAF).

Total Direct Debt		<u>15,020,588</u>
Combined Total Debt		<u>\$ 40,876,834 (2)</u>

Source: California Municipal Statistics, Inc.

NOTE: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

- (1) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the government's boundaries and dividing it by the county's total taxable assessed value.
- (2) Excludes tax and revenue anticipation notes, enterprise revenue, mortgage revenue and tax allocation bonds and non-bonded capital lease obligations.
