

Notice of Proposed Development and a Public Hearing and Notice of Intent to Adopt an Environment Document for the Proposed Development

Project Title: 1440 Center

Requested Planning Permits:	General Plan Amendment	GPA14-002
	Zoning Ordinance Amendment	AZO14-001
	Planned Development	PD14-001
	Use Permit	U14-006
	Design Review	DR14-005

Project Location: 800 Bethany Drive, Scotts Valley, CA 95066

Description of Project: The proposed project, known as the 1440 Center, involves the redevelopment of the existing Bethany University Campus site into an educational learning center for individuals, groups, and corporations through a variety of faculty and curriculum. Guests will attend either a weekday session occurring Sunday through Friday, or a weekend session occurring Friday through Sunday, and will be provided overnight accommodation with on-site dining facilities.

Land Use Summary, development plan calls for the construction of an integrated campus that incorporates new and remodeled buildings constructed around an extensive network of pedestrian pathways, all set within a forested landscape of Redwoods, Coast Live Oaks, and other native plantings.

The central core of the campus will be on the northern side of the re-aligned Bethany Drive, adjacent to the current chapel. Extensive re-grading, particularly on and around the existing Swanson Hall (which will be demolished), will create a more walkable campus to both spatially and visually integrate the campus.

The 1440 Center will be developed in two phases. In Phase 1, the 1440 Center will accommodate up to 360 guests (which includes faculty and faculty assistants), and employ approximately 150 full-time equivalent employees. In Phase 2, accommodations for 140 additional guests will be constructed as well as a parking garage. At project buildout, the proposed project will accommodate up to 500 guests and employ approximately 225 employees.

At full buildout, the proposed project will increase the total habitable square footage on the project site by only 29,795 sf., or an increase of about 16% as compared to existing conditions.

The project requires the Planning Commission's recommendation to the City Council and the City Council's approval of the planning permits. The project is subject to the California Environmental Quality Act (CEQA) and the CEQA Guidelines, which require environmental documentation. The project will be presented and discussed by the City's Planning Commission and City Council, where they will hold a public hearing to discuss then act upon the prepared environmental document and requested planning permits.

Lead Agency: City of Scotts Valley

Contact Person: Taylor Bateman, Senior Planner at (831) 440-5632 or tbateman@scottsvalley.org
