# Fault Zone Hazard Areas

## County of Santa Cruz

San Gregorio Fault mapping Source:  
 Earthquake Probabilities in the San Francisco Bay Region:  
 2000 to 2030 A Summary of Findings  
 By Working Group on California Earthquake Probabilities  
 USGS Open-File Report 99-517 (1999)

Zones of fracture designated in the Seismic Safety Element of the General Plan/Local Coastal Plan and California State designated Seismic Review Zones. Fault zones designated for review by the County include the Butano, Sargent, Zayante, and Corralitos complexes. State-designated seismic review zones include the San Andreas, and portions of the Zayante and Butano complexes.

Prepared by the Santa Cruz County GIS November 2009, Project # 091-09
