Agenda Item No. 1
APN 022-042-15
Use Permit U18-012

STAFF REPORT

Applicant / Owner: Cori Landivar / Josh Simpson
Application: Use Permit U18-012
Location: 5400 Scotts Valley Drive // APN 22-042-15
General Plan/Zoning: C-S (Commercial Service)
Environmental Status: CEQA Categorical Exemption, Class I
Section 15301, Existing Facilities
Request: Consideration of a Use Permit to operate a veterinary clinic in the Commercial Service zoning district.
Staff Planner: Brenda Stevens, Assistant Planner

STAFF RECOMMENDATION

It is recommended that the Planning Commission review the proposed application and approve Use Permit U18-012, by adopting the attached resolution and conditions provided in Exhibit A.

BACKGROUND

The applicant is proposing to operate a veterinary clinic in an existing commercial center under the name Coast Veterinary Services (Attachment 1, Location Map). The commercial center is located on the northeast corner of Scotts Valley Drive and Victor Square. The building is currently divided into seven suites, with five suites on the first story and two suites on the second level. Stairs to the second story are available from the rear of the building. Current tenants include: Hair Styles, JC Nails, Sounds in Motion and Quik Stop mini mart/gas station on the first level. One of the second level suites is vacant and the other suite is used by Sounds in Motion for an additional upstairs office. Property adjacencies include Scotts Valley Feed to the north, Victor Square and Winchester Auto to the south, an office building to the east, and Scotts Valley Drive and a Beacon station to the west. The proposed use requires a Use Permit in the C-S zoning district.
DISCUSSION

Staff has reviewed the project for compliance with the City’s regulations and requirements. An analysis of the issues for the Planning Commission’s consideration are provided in the following sections.

1. **Use Permit**

The subject property is located in the C-S (Commercial Service) zoning district. Per Scotts Valley Municipal Code Section 17.20.030, a veterinary clinic requires a Use Permit. The tenant space would occupy 2,500 square feet. The small animal veterinary clinic services would include: general medicine and surgery, radiology, laser therapy, rehabilitation, acupuncture and grooming for dogs and cats. All services performed would be on an outpatient basis. The clinic’s business hours would be Monday through Saturday from 8am to 5pm. The total number of staff on site is anticipated to be six. No overnight boarding of animals would occur and animal care would take place in an area furthest from any adjoining walls of other tenants. The number of patients in the clinic at any one time would be restricted to the number of procedures per day, approximately six. There is no anticipated noise or odors from the animals as they will be closely managed within the clinic. The only chemicals proposed to be on site are standard cleaning chemicals. Given that all surrounding uses are commercial, it is not anticipated that any use conflicts will occur.

2. **Parking/Circulation**

Onsite parking includes 44 parking spaces, including two accessible spaces. Parking is located both in front and to the rear of the building. Parking requirements for the center’s tenants are summarized below:

</tbody>

The parking requirement for the center based on the number of required parking spaces per tenant is 40.2 spaces. There are 44 parking spaces on site. The parking requirement for the center is therefore satisfied by the existing conditions.

The commercial center includes two points of ingress/egress (one on Scotts Valley Drive and one on Victor Square), and one point in egress (onto Victor Square from the rear parking area).

3. **Signs**

The center has an existing Planned Sign Program. The applicant proposes to install a sign consistent with the approved Planned Sign Program.

**FINDINGS**

Based upon the analysis conducted by staff and the proposed conditions contained in the attached resolution, it can be found that:

1. **The proposed location for the veterinary clinic is in accordance with the objectives of the Zoning Ordinance and the purpose of the zoning district in which the site is located.** The subject property is located in the Commercial Service zoning district. The proposed veterinary clinic will be located in an existing commercial center. The building is currently divided into seven suites, with five suites on the first story and two suites on the second level. Adjacencies include Scotts Valley Feed to the north, Victor Square and Winchester Auto to the south, an office building to the east, and Scotts Valley Drive and a Valero station to the west. The proposed use is consistent and compatible with the surrounding uses.

2. **The establishment, maintenance or operation of the veterinary clinic will not, under any circumstances of the particular case, be detrimental to the health, safety, peace, morals, comfort and general welfare of persons residing or working in the neighborhood or be detrimental or injurious to property and improvements in the neighborhood or to the general welfare**
of the city. The operation of a veterinary clinic within the existing commercial center does not promote adverse health effects. There is adequate parking on site for all existing tenants. Given that all surrounding uses are commercial, it is not anticipated that any use conflicts will occur.

RESOLUTION NO. _____

WHEREAS, the Planning Department of the City of Scotts Valley has received the application filed by Cori Landivar for Use Permit No. U18-012 to operate a veterinary clinic in the existing commercial center located at 5400 Scotts Valley Drive // APN 022-042-15; and,

WHEREAS, the application was reviewed for completeness and is determined to be a “project” as defined by the California Environmental Quality Act (CEQA); and,

WHEREAS, the project is categorically exempt from CEQA [Class15301]; and,

WHEREAS, the project was reviewed by the Planning Commission in a duly noticed public hearing on Thursday, January 24, 2019.

NOW THEREFORE, the Planning Commission of the City of Scotts Valley hereby resolves as follows:

SECTION 1: The environmental determination represents the independent judgment of the City.

SECTION 2: The categorical exemption [Class15301] is hereby approved.

SECTION 3: The Planning Commission of the City of Scotts Valley does hereby specifically make the following findings, as further clarified in the staff report dated Thursday, January 24, 2019:

The proposed location for the veterinary clinic is in accordance with the objectives of the Zoning Ordinance and the purpose of the zoning district in which the site is located. The subject property is located in the Commercial Service zoning district. The proposed veterinary clinic will be located in an existing commercial center. The building is currently divided into seven suites, with five suites on the first story and two suites on the second level. Adjacencies include Scotts Valley Feed to the north, Victor Square and Winchester Auto to the south, an office building to the east, and Scotts Valley Drive and a Valero station to the west. The proposed use is consistent and compatible with the surrounding uses.

The establishment, maintenance or operation of the veterinary clinic will not, under any circumstances of the particular case, be detrimental to the health, safety, peace, morals, comfort and general welfare of persons residing or working in the neighborhood of the clinic, or be detrimental or injurious to property and
improvements in the neighborhood or to the general welfare of the city. The operation of a veterinary clinic within the existing commercial center does not promote adverse health effects. There is adequate parking on site for all existing tenants. The proposed use is consistent and compatible with the surrounding uses.

SECTION 4: After careful consideration of the application and related materials, plans, maps, facts, exhibits, staff reports, minutes, testimony and other evidence submitted in this matter, and incorporated herein by this reference, the Planning Commission of the City of Scotts Valley does hereby approve Use Permit No. U18-012 to operate a veterinary clinic in the existing commercial center located at 5400 Scotts Valley Drive // APN 022-042-15, subject to the conditions set forth in the attached Exhibit A, which are incorporated herein by this reference.

SECTION 5: Use Permit No. U18-012 shall lapse and shall become void one year from the date of this resolution unless prior to the expiration date, a building permit is issued by the Building Division and construction has commenced and diligently pursued toward completion, or the commercial use has commenced, or an extension of this approval is granted by the Planning Commission.

SECTION 6: This use is permitted, and subject to the conditions of Use Permit No. U18-012, which was approved by the Planning Commission of the City of Scotts Valley, at a special meeting held on January 24, 2019.

THE ABOVE AND FOREGOING RESOLUTION was duly adopted and passed by the Planning Commission of the City of Scotts Valley at a special meeting held on the 24th day of January 2019, by the following vote:

DR19-001

STAFF REPORT

Applicant / Owner: Corbett Wright for Hangar at Skypark, LLC
Applications: Design Review DR19-001
Location: 260 Mount Hermon Rd. // APN 022-231-03
General Plan/Zoning: Commercial Service (C-S)
Environmental Status: Categorically Exempt from California Environmental Quality Act (CEQA), under Section 15301, Class 1, Existing Facilities
Request: Consideration of a Design Review to install five freestanding, internally illuminated, metal sculptures for a permanent outdoor public art display in the C-S zoning district.
Staff Planner: Brenda Stevens, Assistant Planner

STAFF RECOMMENDATION

Staff recommends that the Planning Commission approve Design Review DR19-001, by adopting the attached resolution and conditions in Exhibit A.

BACKGROUND

On March 21, 2018, the City Council approved “The Hangar” commercial development project located at 260 Mount Hermon Road. The approved project consists of a 2,412 square foot drive-through restaurant and a 13,318 square foot commercial building with retail space and a restaurant use. Construction is near completion on the drive-through building and is expected to be occupied by Starbucks.

PROJECT DESCRIPTION

The applicant is requesting to permanently display five freestanding, internally illuminated, metal sculptures for the purpose of displaying public art outdoors. (Photo; Attachment 2). Each of the five sculptures would be identical in design. All would be freestanding, internally illuminated with color changing lights, cylindrical shaped and measure 18 inches wide by 7 feet tall. Materials would be plasma-cut, heavy gauge
galvanized sheet metal with wire mesh webbing interior and top. The art would be galvanized dipped again prior to installation. The artist is Pierre Riche, who provided the Mask artwork in front of the Scotts Valley Library.

PROJECT DISCUSSION

Per the Scotts Valley General Plan and per Section 17.20.050 of the Scotts Valley Municipal Code (SVMC), “architectural review” is required for all structures by the Planning Commission. Also, pursuant to the General Plan and the Scotts Valley Town Center Specific Plan (TCSP), in which the subject property lies, commercial projects are required to incorporate public art into the project. As such, the project was conditioned to include public art. Therefore, the developer is proposing to meet the public art requirements by means of this Design Review application for the proposed sculpture.

Location

The subject property is located at 260 Mount Hermon Road, in the City’s Commercial Service (C-S) Zoning District and within the Scotts Valley Town Center Specific Plan (Location Map; Attachment 1). The project proposes the placement of the five metal sculptures to be installed outdoors. Each sculpture would be placed to the rear of the newly constructed commercial building located at 260 Mount Hermon Road (future Starbucks). The sculptures would be positioned in the center of the rear parking lot and would flank a pedestrian walkway. The walkway would be boarded by parking stalls. Three sculptures are proposed on the west side of the walkway and two sculptures would be located on the east side. The sculptures would be positioned in an alternating pattern versus symmetrical. The rear parking lot walkway would connect to a future commercial building, known as “The Hangar at Skypark”. (Site Plan; Attachment 3).

Installation and Lighting

Installation would include bolting the sculptures to a foundation. Lighting bulb access is via a small hatch door in each sculpture.

Maintenance

In the event that the sculpture is the target of vandalism in the way of graffiti or other random acts of malice, staff has conditioned that the owner restore the sculpture to its original appearance within a reasonable amount of time (Condition No 9).

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF SCOTTS VALLEY APPROVING DESIGN REVIEW DR19-001 TO INSTALL FIVE FREESTANDING, OUTDOOR PUBLIC ART SCULPTURES IN THE COMMERCIAL SERVICE (C-S) ZONING DISTRICT AT 260 MOUNT HERMON ROAD // APN 022-231-03

WHEREAS, the Planning Department of the City of Scotts Valley has received the application filed by Corbett Wright for Design Review DR19-001 to install public art in an outdoor space with cylindrical metal sculptures in the Commercial (C-S) Zoning District at 260 Mount Hermon Road // APN 022-231-03.

WHEREAS, the application was reviewed for completeness and is determined to be a “project” as defined by the California Environmental Quality Act (CEQA); and,

WHEREAS, the project is Categorically Exempt from the California Environmental Quality Act, under Section 15301, Class 1, Existing Facilities; and,

WHEREAS, the Conditional Use Permit Application was reviewed by the Planning Commission at a duly noticed hearing on January 24, 2019; and,

NOW THEREFORE, the Planning Commission of the City of Scotts Valley hereby resolves as follows:

SECTION 1: The environmental determination represents the independent judgement of the City.

SECTION 2: The categorical exemption is hereby approved.

SECTION 3: The Planning Commission of the City of Scotts Valley does hereby specifically make the following findings as required by the Scotts Valley Municipal Code, and as further clarified in the staff report dated January 24, 2019,

1. The siting of the structures on the site as compared with the siting of other structures in the immediate neighborhood is appropriate. The siting of the sculpture will be appropriate for the pathway linking the commercial buildings and will complement the design features of the commercial buildings while enhancing the parking lot with public art.

2. The materials, colors, proportion, mass and details of the exterior improvements are in good proportion, have simplicity of mass and detail and are compatible with the appearance of the surrounding structures. The materials, colors, proportion, mass and details of the sculpture will be compatible with the surrounding commercial buildings.
SECTION 4: After careful consideration of the Design Review application and related materials, plans, maps, facts, exhibits, staff report, testimony and other evidence submitted in this matter, and incorporated herein by this reference, the Planning Commission of the City of Scotts Valley does hereby approve Design Review DR19-001 at 260 Mount Hermon Road (APN 022-231-03), subject to the conditions set forth in the attached Exhibit A, which are incorporated herein by this reference.

SECTION 5: Design Review DR19-001 shall lapse and shall become void two years from the date of this resolution unless prior to the expiration date, installation of the sculpture has commenced, or an extension of this approval is granted by the Community Development Director.

THE ABOVE AND FOREGOING RESOLUTION was duly adopted and passed by the Planning Commission of the City of Scotts Valley at a regularly scheduled meeting held on the 24th day of January 2019, by the following vote:
